

LECTUS CABINETS

AN EASY DECISION

LECTUS CABINETS

Your home is more than a structure in which to reside, more than an investment. It is a place to rest your head, to spend time with family and friends, to relish life. At Lectus, our passion for our product and service is matched only by our customers' pride in their homes.

You should never have to compromise on quality to improve the look and function of your kitchen. We are proud to say our cabinets are made from only the best materials sourced around the world and are Canadian made to the standards of over 90 years of combined cabinet making experience from our family owners. We offer fresh door styles and colours, and have ensured soft-close, full-extension dovetail drawers and plywood cases are a standard, so you don't have to pay more to get more.

With Lectus cabinets, you can create the kitchen of your dreams, customized just for you and your lifestyle.
