Step 1

First, draw the walls of your kitchen, creating the shape of the room. Then add rectangles to show window and door placements, adding labels for each.

Step 2

Second, simply write in each measurement.

Be sure to include the molding around the doors and windows as part of the door and window measurement.

Step 3

E-mail your measurements to yvonne@landivardesign.com

If you need further assistance we will be happy to schedule a video call to guide you in taking the measurements of your kitchen or bathroom.
